Our Programme

Formed in 2018, our friendly Swindon West WI prides itself on being an inclusive and safe place for all women in the local community to share experiences and learn together. Our programme is built around our members' interests with inspirational guest speakers and a wide range of activities.

The WI is the largest women's organisation in the UK, championing the education and rights of women. We are a supportive and progressive organisation giving a voice to women to make an even bigger impact and continue being a force for change in our world.
